Dear The Federal Communications Commission,

I do not want to pay more for my telephone service! I urge you to reject a flat fee proposal that would change how contributions are made to the Universal Service Fund. I am concerned that this proposal could make my current service unaffordable.

I use my wireless phone for safety, security and convenience.

I urge you to do away with the socialist Universal Service Fund. I am tired of subsidizing someone else's phone bills, and being taxed to death in the process.

Sincerely, Peter Carlin 14 Garden Dr.
